PROFESSIONAL SUMMARY

Motivated Computer Application postgraduate student with strong foundations in programming, data structures, and machine learning. Skilled in building data-driven applications, problem-solving, and applying analytical thinking to real-world challenges.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Java, C++
- **Core Concepts:** Data Structures and Algorithms, Database Management System
- **Computer Science:** Computer Networks, Operating System, Object Oriented Programming, Data Science, Cyber-security
- **Soft Skills:** Creativity, Problem Solving, Team Leadership, Clarity of Thinking

WORK EXPERIENCE

Cyber Secured India

Internship

Cyber Security Intern

- Assisted in monitoring and managing network security systems to identify vulnerabilities.
- Conducted risk assessments and provided recommendations for threat mitigation strategies.

Investor Home Solution

Internship

Web Developer Intern

- Developed and maintained dynamic web applications using Angular, HTML, CSS, and TypeScript.
- Collaborated with the development team to design and implement interactive dashboards and data-driven components.

PROJECTS

WebprepML: Simplifying ML Data Preprocessing

Python, Pandas, NumPy, Scikit-learn

- Prepared raw data and made it suitable for machine learning models.
- Implemented data preprocessing techniques such as handling missing values, encoding categorical variables, and scaling features.
- Utilized Python libraries for efficient data manipulation and preprocessing.

Movie Recommendation System Using Machine Learning

Machine Learning, Python

- Developed a system to recommend movies based on user preferences such as ratings and genres.
- Applied data preprocessing, feature engineering, and machine learning algorithms.
- Evaluated model performance using precision, recall, and RMSE metrics.

Gamified platform to support sustainable farming

React, Node.js

- Developed the platform using HTML, CSS, React, Node.js.
- Designed and managed database systems for user activity, rewards, and farming data.
- Integrated real-time notifications and feedback systems to enhance user engagement.

EDUCATION

Master in Computer Application(AI/ML)

2025 – 2027

Uttaranchal University, Dehradun

Bachelor in Computer Application (CGPA: 9.07)

2021 – 2024

St. Xavier's College of Management & Technology, Patna

ACHIEVEMENTS & CERTIFICATIONS

- ADCA - Advance Diploma in Computer Application (VCSA)
- AI Machine Learning with Python (IIT-Madras)
- Online Digital Marketing Course (Google)
- Geodata Processing Using Python (ISRO)
- Secured 1st rank in quiz competition on Bihar Diwas
- 2nd prize in inter-college essay writing competition
- 3rd prize in multimedia presentation competition "Apna Bihar: Badhta Bihar"
